U. S. D. A. PUBLICATIONS

Includes printed and processed publications of the United States Department of Agriculture received in the Library during the preceding month, except restricted publications and materials issued for internal administrative use rather than for public distribution.

Periodicals issued by the Department are listed in the June and December issues only; articles in them are indexed currently.

Domestic requests for printed publications of the Department of Agriculture will be filled free upon application to the Office of Information, United States Department of Agriculture, Washington 25, D. C., as long as the supply lasts.

Foreign institutions, organizations and agencies which issue publications may obtain United States Department of Agriculture publications in exchange by writing to the United States Department of Agriculture Library, Washington 25, D. C.

Others may purchase printed publications of the United States Department of Agriculture from the Superintendent of Documents, Washington 25, D. C.

Processed publications may ordinarily be obtained free of charge from the issuing bureau as long as the supply lasts.

Publications preceded by an asterisk (*) are not available for distribution; microfilm or photoprint copies can be supplied at the cost of preparing them.

STATE AGRICULTURAL EXPERIMENT STATION PUBLICATIONS
October 1947

Includes State Agricultural Experiment Station publications received in the library during the preceding month.

Printed publications issued by the State Agricultural Experiment Stations are not available from the U. S. Department of Agriculture but are often available from the publishing experiment station.

Mimeographed or processed material issued by the State Agricultural Experiment Stations is not available from the U. S. Department of Agriculture but in some cases may be obtained from the publishing institution.

Material not available from the various State institutions may be obtained in microfilm or photoprint form from the U. S. Department of Agriculture Library for the cost of reproduction.

BIBLIOGRAPHY OF AGRICULTURE

U.S. DEPARTMENT
OF AGRICULTURE
LIBRARY

ITEMS 27192-33911 NOVEMBER 1947 VOL. II, No. 5

United States Department of Agriculture Miscellaneous Publication 337, Abbreviations Used in the Department of Agriculture for Titles of Publications, is followed in this publication with the exception of the following: B.—Bulletin; C.—Circular; J.—Journal; P.—Publication; Q.—Quarterly; U.—University; U. S. D. A.—United States Department of Agriculture; Ybk.—Yearbook; Z.—Zeitschrift.

Items marked with an asterisk (*) are ordinarily available in microfilm or photoprint only. Items marked with two asterisks(**) have not been verified.

Call numbers following the citations are those of the United States Department of Agriculture Library. Please use them when requesting publications on loan from the Library.

Except for printed publications of the Department of Agriculture which are usually available in limited supply for free distribution, the publications listed herein are not available for free distribution from the Department. However, photoprint or microfilm copies of any publication listed may be obtained from the Library at the following prices:

MICROFILMS:

Periodical Articles.—A flat charge of 50 cents for any single article, from any single volume of a periodical.

Books and Serial Publications.—50 cents for each 50 pages or fraction thereof.

PHOTOPRINTS:

50 cents for each 5 pages of text or fraction thereof.

Published with the Approval of the Director of the Bureau of the Budget.

Beginning with the July 1947 issue the publications formerly listed in the section entitled "Publications of the United States Department of Agriculture, State Agricultural Experiment Stations, State Agricultural Extension Services, and Books and Pamphlets from Other Sources" are incorporated with the subject matter sections. This makes it unnecessary to look in two different sections for references on a given subject.

Check lists of the publications of the United States Department of Agriculture, State Agricultural Experiment Stations, and State Agricultural Extension Services appear at the end of the Bibliography, just before the author index.

U. S. D. A. PUBLICATIONS

Includes printed and processed publications of the United States Department of Agriculture received in the Library during the preceding month, except restricted publications and materials issued for internal administrative use rather than for public distribution.

Periodicals issued by the Department are listed in the June and December issues only: articles in them are indexed currently.

Domestic requests for printed publications of the Department of Agriculture will be filled free upon application to the Office of Information, United States Department of Agriculture, Washington 25, D. C., as long as the supply lasts.

Foreign institutions, organizations and agencies which issue publications may obtain United States Department of Agriculture publications in exchange by writing to the United States Department of Agriculture Library, Washington 25, D. C.

Others may purchase printed publications of the United States Department of Agriculture from the Superintendent of Documents, Washington 25, D. C.

Processed publications may ordinarily be obtained free of charge from the issuing bureau as long as the supply lasts.

Publications preceded by an asterisk (*) are not available for distribution; microfilm or photoprint copies can be supplied at the cost of preparing them.

BIBLIOGRAPHY OF AGRICULTURE

U.S. DEPARTMENT
OF AGRICULTURE
LIBRARY

ITEMS 33912-41310 DECEMBER 1947 VOL. 11, No. 6

United States Department of Agriculture Miscellaneous Publication 337, Abbreviations Used in the Department of Agriculture for Titles of Publications, is followed in this publication with the exception of the following: B.—Bulletin; C.—Circular; J.—Journal; P.—Publication; Q.—Quarterly; U.—University; U. S. D. A.—United States Department of Agriculture; Ybk.—Yearbook; Z.—Zeitschrift.

Items marked with an asterisk (*) are ordinarily available in microfilm or photoprint only. Items marked with two asterisks(**) have not been verified.

Call numbers following the citations are those of the United States Department of Agriculture Library. Please use them when requesting publications on loan from the Library.

Except for printed publications of the Department of Agriculture which are usually available in limited supply for free distribution, the publications listed herein are not available for free distribution from the Department. However, photoprint or microfilm copies of any publication listed may be obtained from the Library at the following prices:

MICROFILMS:

Periodical Articles.—A flat charge of 50 cents for any single article, from any single volume of a periodical.

Books and Serial Publications.—50 cents for each 50 pages or fraction thereof.

PHOTOPRINTS:

50 cents for each 5 pages of text or fraction thereof.

Published with the Approval of the Director of the Bureau of the Budget.

Beginning with the July 1947 issue the publications formerly listed in the section entitled "Publications of the United States Department of Agriculture, State Agricultural Experiment Stations, State Agricultural Extension Services, and Books and Pamphlets from Other Sources" are incorporated with the subject matter sections. This makes it unnecessary to look in two different sections for references on a given subject.

Check lists of the publications of the United States Department of Agriculture, State Agricultural Experiment Stations, and State Agricultural Extension Services appear at the end of the Bibliography, just before the author index.
